Owing to the absence of Rev. P. A Simpkin, who is in Park City, the opening prayer was made by the Rev. R. S. Walker of the East Side Baptist

S. Walker of the East Side Baptist church.

The address of the president, Mrs. J. S. Gordon of Ogden, was brief and of a general nature. Following Mrs. Hughes, Mrs. Helen L. Bullock made an interesting address on "The Old World and the New," in which she set for observations on the temperance question which she has made in the United States and in foreign countries.

The business of the evening concluded with the appointment of committees and apportionment of visiting delegates among the various local members of the W. C. T. U.

## Utah Commissioners for Portland Fair Are Confident That They Will Have Balance.

The Utah commissioners of the Lewis and Clark exposition held a meeting in the office of Governor John C. Cutler yesterday afternoon. All members were present. Senator W. K. Walton arrived from Portland at midnight Friday and brought good reports from the Utah building. Utah did as well as any other state at the fair in the way of awards, and the feeling at the close of the exposition was of the best toward the state. Manager Spencer Clawson and his assistants are hard at work packing and loading the exhibits. They will be shipped to Salt Lake as soon as they are ready, and the building will be disposed of for whatever it will bring. The larger portion of the exhibits go to the D. A. & M. society and will be stored at the state fair grounds in the exposition building. The concentrator goes to the State School the office of Governor John C. ## School Board Meets.

At a meeting of the board of education last night the finance committee reported an overdraft of \$1.542.62. The sanitary committee stated that there were two cases of diplitheria developed during the past week, and Superintendent Allison reported on the attempted burning of the Pingree school, which he believed to be of incendiary origin. Miss Florence Compton, a teacher at the Dee school, and James L. Barker of the High school petitioned for an increase of salary. Both were referred to the teachers' committee. O. J. Stilwell, who has charge of the commercial department of the High school, submitted a verbal report on the working of that branch, stating that he had introduced an innovation providing for delegations of six pupils each to visit the different business houses during the season for the purpose of seeing how they are managed and to inspect their methods. A number of concerns have signified their willingness to explain their methods to the pupils. Mr. Stilwell stated that out of 300 pupils recommended for commercial positions, none had failed.

AM. FORK DEMOCRATS.

Place Splendid Ticket in the Field and Adopt Ringing Platform,

American Fork, Oct. 20 .- A well at tended Democratic primary was held here last night and a good strong ticket was placed in the field for the coming election. Mayor Clarke and Marshal Logdon were nominated to succeed themselves. The following platform was drafted and unanimously adopted:

"We, the Democratic party of American Fork, hereby declare our continued belief in the time-honored cardinal principles of Democracy, viz.: that the right to govern should emanate from the consent of the governed, and that the proper province of government is, to administer equal justice to all and special privileges to none; that public officers should execute the law without fear or favor. We here take the opportunity of approving and commending the course pursued by our worthy president, Theodore Roosevelt, in disregarding the former course and policy of his party in bringing to justice. last night and a good strong ticket was and policy of his party in bringing to jus-tice a few at least of those who have fattened by the grafts worked upon the people. fattened by the grafts worked upon the people.

"We heartily endorse and point with pride to the present administration of the affairs of our city; and without desiring to cast any reflections upon the support that has been given by the minority of the present council, we claim for our party the credit for one of the most progressive administrations that our city has ever had. As evidences of the same we point to the improvements that have been made. The city park, which was purchased by the former council, has been fenced and planted with trees, the water ditches and streets of the city have been permanently improved, wooden bridges and culverts have in a number of cases been replaced by vitified pipe, which is practically everlasting; more has been accomplished toward increasing and conserving our water supply than has been done by any previous council. Under this administration the ordinances of the city have been revised and republished, an improvement which was badly needed; and while we do not claim perfection, we believe the ordinances of the city have been fearlessly and impartially administered, and that the marshal and police department have a record of which all our citizens can be justly proud.

"Knowing that the securing of more water is of paramount importance, we pledge our candidates, if elected, to further continue the work already commenced, and to adopt other measures for the increasing of our water supply; to an impartial enforcement of the law, and an honest, progressive, yet economical administration of the city government."

The following ticket was nominated: Mayor, James H. Clarke; recorder, J. W. Storrs; marshal, Peter Logsdon; city justice, E. E. McBride; four-year councellmen, E. J. Clayson, W. A. Moffatt and B. Y. Greenwood.

The following party organization was effected; Chairman, J. W. Storrs; vice chairman, L. J. Hutchings; secretary, R. W. Gardner; treasurer, E. J. Clayson.

three wards of the city and thirty-three delegates to the city convention to be held on Saturday were chosen. In the First ward the delegates are: Miss Julia Burlin, Mrs. E. G. Beggs. Fred Rasband, Jim Don, W. D. Watson, Adam Peterson, D. C. Watson, Andrew Peterson, W. D. Sutton, W. A. Raddon, W. J. Robinson. In the Second: J. M. Lockhart, L. B. Wright, R. E. Wright, C. E. Prisk, C. M. Wilson, Rev. D. Q. Graybill, William Horan. Sam Raddon, John Perry, W. H. Williams and Henry Welsh. In the Third: Jim Benney, Peter Martin, J. Kelly, George Kelly, Dave McNaughton, Nick Rowe, W. J. Roseveare, Charles Verco, Jerry Harrington, George Bates and Ferd Getsch.

To the uninterested person the above list of delegates presents nothing more interesting than the names of some overenthusiastic members of the party who are chosen to represent the party at their convention, but to the four candidates for city marshal on the Republican ticket it presents a puzzle of no small proportions. All is fate in politics, and in the various wards every menace—honest, of course—was used by the followers of the different office-seekers to secure their own delegates, and it looks as though in each of the wards a different class of delegates is chosen, so that unless something unforeseen comes up to change the outlook, there will be a neat little contest in the convention on Saturday.

The office of city treasurer is also one which is being more sought after than upon former years, and it is promised that there will be an interesting contest in this nomination.

The Democrats and Republicans hold their conventions at the same time, and at this time, except to anticipate the contest in the Republican convention for the nominations, there can be nothing told as to whom will be accorded the honors of either ticket.

The convention endeavored to force the nomination for mayor on Judge Hart, but his business affairs compelled him to decline the honor. Mr. Cardon at first declined, but later accepted when pressed to do so. The only cont. st was over the treasurership nomination, and Miss Thatcher won from Mrs. Hannah Jacobson and Miss Maude Smith on the first ballot.

The platform adopted condemns the present administration for its extravagance and the mismanagement of the municipal electric lighting plant. It pledges the Democratic nominees to a solution of the present lighting problem. The effort to make the plant a part of the Republican political machine is dencunced and the attention of voters called to the fact that while the maximum tax levy under Democratic administration was 6 mills, this year it is 12 8-10 mills.
